

**Writing** a Statement of Faith for yourself or your family will take some time and discussion with others. One recommendation is to keep it simple.

Compose belief statements about the following:

*The Bible* ..... How do you view the written Word of God?

*God* ..... How do you describe God?

*Jesus* ..... How do you describe Jesus?  
What did/does He do?

*The Holy Spirit* ..... How do you describe the Holy Spirit?  
What role does the Holy Spirit play?

*Man* ..... At creation  
Man's Condition

*Sin* ..... How did sin begin?  
How does sin affect man?  
What is the solution for sin?

*Salvation* ..... What is salvation?  
How does salvation work?

*Resurrection* ..... Who will be judged?  
How will they be judged?  
Describe heaven and who will go there.  
Describe hell and who will go there.

Once you have completed your own statement, then, and only then, read other statements of faith. Read the one from your local church, your denomination, and organizations you support. Then re-read your statement and see if you want to make any adjustments.
